

## ContainerPower Energy Solutions

# 24v 1500w inverter output power

## Overview

---

High quality 24V DC to AC power inverter has 1500 Watt continuous power and 3000 Watt peak power, inverting battery power into 110/120 Volt or 220/230/240 Volt AC household power, to run your devices efficiently and safely on the go.

High quality 24V DC to AC power inverter has 1500 Watt continuous power and 3000 Watt peak power, inverting battery power into 110/120 Volt or 220/230/240 Volt AC household power, to run your devices efficiently and safely on the go.

1500W continuous and 3000W peak modified sine wave inverter, 24 volt DC input and selectable 110V/120V/220V/230V AC output, this DC to AC power inverter with safe charging design to protect your device against under voltage, over voltage, short circuit, reverse polarity connection, overload and.

This high efficiency DC-AC inverter converts 24 Volts DC to 1500 Watts of pure sine-wave AC power at 230 Volts, 50 / 60 Hz (Switch selectable: 50 Hz default). Features include overload protection, low battery alarm / shut down, low idle power draw. AC power is available from two Schuko receptacles.

Whether you're setting up a solar power system, prepping for emergencies, or just want reliable off-grid energy for camping, this power inverter size hits the sweet spot between capability and efficiency. Why not grab a cup of coffee and learn about these basic features together?

We will give you a.

How do I assemble the product?

Buy TS Series Pure Sine Inverter With 24VDC Input & 1500W AC Output | TS24-1500 . For customer support, call 1.800.524.9900.

or \$ 107.87 /mo for 12 mo at 9.96% APR with . Found a lower price?

We'll match it! Owned and Operated! This high efficiency DC-AC inverter

converts 24 Volts DC to 1500 Watts of pure sine-wave AC power at 120 Volts, 60 Hz. Features include overload protection, low battery alarm / shut down, low idle.

Input 12V or 24V and Output 110V 60Hz with DC5V 2000mA Output. (24V) : Automotive Power Inverter 1500W with Output Dual sockets. Input 12V or 24V and Output 110V 60Hz with DC5V 2000mA Output. (24V) ◆Continuous Power: Provides total 1500 watts continuous power and 3000 watts peak power with 2 AC.
