Albania builds solar power generation system

Overview

A ceremony took place in Albania, 22 July 2025, to sign the agreement to build a new solar photovoltaic power plant at Belshi. The €42 million project is co-financed by an EU contribution of €9.5 million, through the Western Balkans Investment Framework.

A ceremony took place in Albania, 22 July 2025, to sign the agreement to build a new solar photovoltaic power plant at Belshi. The €42 million project is co-financed by an EU contribution of €9.5 million, through the Western Balkans Investment Framework.

Voltalia (Euronext Paris, ISIN code: FR0011995588), an international player in renewable energy, launches the construction of the Spitalla photovoltaic power plant project with a capacity of 100-megawatt Voltalia continues its expansion in Albania with the construction of the Spitalla photovoltaic.

Albania is advancing its renewable energy ambitions with a planned 50 MW solar park in the Fushë-Krujë area, a project propelled by an EU grant from the Western Balkans Investment Framework (WBIF). With the feasibility study now complete, the project is on track for construction to commence by.

Albania's Ministry of Infrastructure and Energy has received four applications for solar projects with a total installed capacity of 235 MW. The projects are planned to be built in the country's photovoltaic hub Fier region, the largest of which will be the second largest solar facility in Albania.

The Ministry of Infrastructure and Energy of Albania received four applications for solar power projects with a combined capacity of 235 MW. A proposed unit in Fier, the country's photovoltaics hub, would be the second-biggest in the country. Solar power accounts for 6% of electricity production in.

On May 6, 2025, the Albanian government approved the development of two new solar power plants, totaling 54 megawatts (MW) in capacity. The projects comprise a 30 MW installation and a 24 MW installation, marking a significant step in the country's renewable energy expansion. [pv magazine](#).
