

ContainerPower Energy Solutions

Armenia lithium battery energy storage site

Voltage range

636V-876V

Rated voltage

768V

Cell type

Lithium iron phosphate

Overview

Armenia's ambitious Gyumri EK lithium battery energy storage project represents a \$48 million leap toward energy independence. Slated for completion in Q3 2025, this 120 MWh facility will store enough clean energy to power 15,000 local households during peak demand periods.
