

ContainerPower Energy Solutions

Austria container power generation manufacturer

Overview

Solarcont, an Austrian startup, has unveiled Solarcontainer, a portable PV generator that can function as a mobile solar plant independent of the electrical grid. What is a containerized power module?

Fueled by natural gas, the power module is dedicated to the production of electrical energy. Containerized power module with a power output of 3MW. Plymouth, UK. Flexible generation power plant to balance the local electricity network in an area with growing demand. 2 containerized power modules with a combined power of 5 MW. Yeovil, UK.

Who is Austria Energy Group?

The Austria Energy Group was founded in Vienna, Austria in 2006, where its headquarter is located with subsidiaries and offices in Europe and Latin America. Since its commencement, the Group has been focused on the site development and technology integration, construction (EPCM), operation and management of renewable power plants.

How many MWM containers have been installed worldwide?

270 containers with 245 MW el have already been installed worldwide. Complete MWM Container solutions: read about intelligent and complete turnkey systems for decentralized energy generation (combined heat and power plants - CHP). The components are configured to your individual needs.

What is a containerised generator?

Our Containerised Generators deliver robust, high-capacity power from 300-3,000 kVA in secure, weather-resistant enclosures. Designed for challenging environments and critical applications, they offer noise reduction, easy transport, and bespoke configuration to meet your site's exact needs.

What does Austria energy do?

Austria Energy develops renewable electrical energy, storable and distributable, for a better and sustainable environment.

Who is austriansolar?

»We have been working with AustrianSolar for renewable energy site selection and technology integration in Chile since 2015. We have acquired one well-structured photovoltaic site which has been under operation since September 2019. We highly appreciate it for their professional and supportive attitude.«
