Azerbaijan s energy storage policy for new energy projects

Overview

Does Azerbaijan have a long-term energy policy plan?

Azerbaijan 2030: National Priorities for Socio-economic Development is now the main framework for policy reforms and strategy. However, long-term energy policy planning and target-setting remain important for the country's energy sector development.

Can Azerbaijan adopt energy storage systems?

The BISTP's experience with this pilot project is vital for the adoption of energy storage systems in Azerbaijan. This initiative lays the groundwork for developing similar infrastructure on an industrial scale, aligning with the country's broader renewable energy ambitions.

What is Azerbaijan's energy security policy?

One of the main goals of the energy security policy implemented under the leadership of the President of the Republic of Azerbaijan Mr. Ilham Aliyev is to strengthen the use of renewable energy sources in the country.

Will Azerbaijan develop its first industrial-scale battery energy storage system?

He also highlighted that efforts are ongoing to select a company to develop Azerbaijan's first industrial-scale Battery Energy Storage System (BESS). In September of this year, Azerenergy announced a new tender for the development of a 250 MW Battery Energy Storage System (BESS) project, slated for completion by 2027.

Are solar energy trends relevant for Azerbaijan?

These trends are highly relevant for Azerbaijan, and during the COP29 climate conference, the Baku International Sea Trade Port (BISTP) and Malaysia's Tiza Green Energy (a subsidiary of Citaglobal) launched the country's first project integrating solar energy with a Battery Energy Storage System (BESS).

Does the European Union have a long-term energy strategy for Azerbaijan?

The European Union has been supporting the Ministry of Energy of Azerbaijan in its work to build a Long-term Energy Strategy from 2021-2050. This Strategy has not yet been adopted, but remains under consideration. In May 2020, the Cabinet of Ministers approved the Action Plan on Attracting Additional Investments in the Renewable Energy Field.
