

ContainerPower Energy Solutions

Base station energy storage power supply plant operation in Portugal

Overview

Is Powin launching a battery energy storage system in Europe?

This project marks Powin's first venture in Europe. Global energy storage supplier Powin LLC and Portuguese integrated energy company Galp have partnered to install a utility-scale battery energy storage system (BESS) in Algarve, Portugal. The 5 MW/20 MWh battery system will be built at one of Galp's solar power plants near the village of Alcoutim.

Where are Galp & Powin launching a large-scale battery energy storage system?

Galp and Powin have begun the installation of a large-scale battery energy storage system in Alcoutim, southern Portugal.

What is BNZ's first project in Portugal?

BNZ's first project in Portugal, a 50 MW solar plant in the north of the country, was recently connected to the grid, marking the company's first operational step in the market.
