

ContainerPower Energy Solutions

Base station lithium battery energy storage 25kw inverter company

Overview

What is a lithium ion battery inverter?

It reduces electricity costs and ensures reliable backup during outages. The Felicity 25kWh/48V Lithium-ion Battery Inverter battery is a premium deep-cycle lithium iron phosphate (LiFePO₄) energy storage solution designed for modern solar power systems.

What is a battery energy storage system?

BESS is a battery energy storage system with inverters, battery, cooling, output transformer, safety features and controls. Helping to minimize energy costs, it delivers standard conformity, scalable configuration, and peace of mind in a fully self-contained solution.

What is a 25 kWh battery & how does it work?

With a 25kWh capacity, built-in BMS, over 6000 charge cycles, and a 7-year warranty, it delivers safe, efficient, and maintenance-free power. It reduces electricity costs and ensures reliable backup during outages.

What is a Felicity battery inverter?

The Felicity 25kWh/48V Lithium-ion Battery Inverter battery is a high-capacity, long-lasting LiFePO₄ energy storage solution ideal for solar systems in homes, offices, and off-grid locations. With a 25kWh capacity, built-in BMS, over 6000 charge cycles, and a 7-year warranty, it delivers safe, efficient, and maintenance-free power.
