Overview

Toronto, Ontario – May 7, 2025 – The Oneida Energy Storage Project has officially commenced commercial operations, becoming the largest grid-scale battery energy storage facility in operation in Canada and one of the largest globally.

Toronto, Ontario – May 7, 2025 – The Oneida Energy Storage Project has officially commenced commercial operations, becoming the largest grid-scale battery energy storage facility in operation in Canada and one of the largest globally.

Provides Ontario with critical capacity as Canada’s largest grid-scale battery energy storage facility in operation. Toronto, Ontario – May 7, 2025 – The Oneida Energy Storage Project has officially commenced commercial operations, becoming the largest grid-scale battery energy storage facility in.

Developer Boralex and its partner Six Nations of the Grand River Development Corporation (SNGRDC) have closed the CA\$538 (US\$372.82) million financing of a 300MW/1,200MWh BESS park. The Hagersville Battery Energy Storage park, located in Haldimand County, Ontario, Canada, will be the largest.

Nextstar Energy Ltd. will produce batteries for energy storage, not electric vehicles, when its gigafactory in Windsor, Ont. begins commercial production next month. Expanding into the growing market for energy storage production will keep the plant busy until EV sales pick up again, said Danies.

TORONTO, Oct. 07, 2025 (GLOBE NEWSWIRE) -- Boralex inc. (“Boralex” or the “Company”) (TSX: BLX) and its partner, Six Nations of the Grand River Development Corporation (“SNGRDC”) are proud to announce that the Hagersville Battery Energy Storage Park has been awarded the Innovative Canadian Clean.

Located in Haldimand County, Ontario, Oneida Energy Storage is a fully operational, 250 MW/1,000 MWh lithium-ion battery energy storage facility. It represents Canada’s largest operational energy storage facility, and is amongst the largest energy storage projects globally. Oneida Energy Storage

is.

Oneida Energy Storage facility is a 250 MW/1,000 MWh lithium-ion battery energy storage facility, representing the largest grid-scale battery energy storage facility in Canada and within the top five clean energy storage projects in the world. It delivers critical capacity and improved efficiency.
