

ContainerPower Energy Solutions

Croatia container emergency power generation equipment

Overview

What is eco° Gen-C?

our eco° GEN-C series features all-in-one packaged power generation solution, engineered for mobility, easy deployment and scalability each power container is engineered to meet specific application requirement, customisations to include: engine type, noise level control and power capacity.

What is a containerised generator?

Our Containerised Generators deliver robust, high-capacity power from 300–3,000 kVA in secure, weather-resistant enclosures. Designed for challenging environments and critical applications, they offer noise reduction, easy transport, and bespoke configuration to meet your site's exact needs.

Are containerized generators reliable?

Years of use in the rental, oil and gas, mining and other heavy-duty industries have tested the reliability, usability and durability of our containerized generators. Our primary design challenges in developing this line of containerized generators were usability, reliability and functionality for the end user.
