

## ContainerPower Energy Solutions

# East Timor Energy Storage Mobile Power Manufacturer

## Overview

---

Itochu Corp. of Japan and Electricite de France will develop a 72-megawatt photovoltaic power plant in Manatuto and a battery energy storage system of 36-MW. They will also supply electricity to Electricidade de Timor-Leste under a contract lasting 25 years. What is the Timor-Leste solar power project?

The Project involves the construction and 25-year operation of a new power plant in Manatuto, Timor-Leste, comprising a 72 MW solar power plant co-located with a 36 MW/36 MWh battery energy storage system. This will be the country's first full-scale renewable energy IPP project.

Which power stations are in East Timor?

The following lists power stations in East Timor . The Hera power station was built to supply to the North coast of the country, while the Betano power station supplies electricity to the South coast and the Inur Sakato thermal power station provides electricity to the Oecusse District.

Does Timor-Leste rely on imported diesel fuel?

Currently, Timor-Leste relies almost entirely on imported diesel fuel for its power generation, which poses significant challenges in terms of fiscal burden and greenhouse gas emissions.
