Irish Home Solar System Scheme

Overview

The Domestic Solar PV Scheme operates under the Microgeneration Support Scheme (MSS) and provides a grant towards the purchase and installation of a solar PV system for homeowners. How do I get a solar PV grant in Ireland?

The grant is administered by the Sustainable Energy Authority of Ireland (SEAI). You must apply for the grant and get a grant offer from the SEAI before you get your solar panels and start any work. You can also get SEAI grants for solar PV for your business or a non-domestic building.

How much does a solar panel grant cost in Ireland?

The maximum grant amount for solar panel installation in Ireland is €1,800. There is also a solar water heating grant for solar thermal systems that transform energy from the sun into hot water for your home, meeting 50-60% of your annual hot water needs: Do I qualify for the solar panel grant?

.

Are solar panels a sustainable option in Ireland?

In response to climate change, the installation of solar panels in Ireland has been on the rise for both energy efficiency and sustainability purposes. In order to encourage the shift to renewable energy, the Sustainable Energy Authority of Ireland provides grant funding for the installation of Solar PV and Solar thermal.

What are Ireland's 2025 solar panel grants?
