Japanese industrial frequency three-phase inverter

Overview

What is a three-phase inverter?

Modern electronic systems cannot function without three-phase inverters, which transform DC power into three-phase AC power with adjustable amplitude, frequency, and phase difference. They are essential in several applications, including as power distribution networks, renewable energy systems, and industrial motor drives.

What is a 3 phase variable frequency inverter?

The 3 phase variable frequency inverter with input frequency 50Hz / 60Hz has good performance, such as overcurrent protection, overvoltage protection, and undervoltage protection. The variable frequency inverter usually applies for electric vehicles, power generation, marine, and aerospace.

What is a frequency drive inverter?

The frequency drive inverter has V/F control and sensorless vector control, and the start torque is 150% of the rating torque at 1 Hz. Equipped with a cooling fan and protected by an IP20 casing, the 3 phase variable frequency drive is made of solid material and has strong impact resistance. Stable performance and easy to install.

What is the rated current of a 3 phase inverter?

Rated current 21A at 380V~ 480V, 3.8A at 220V~240V. 3 phase inverter with sensorless vector control can work at (-10°C, 40°C). Come with RS485 communication mode, vfd inverter 3 phase has IP20 enclosure rating. 1.5kw variable frequency inverter for sale, vfd inverter 3 phase 230V, 400V, 480V, rated current 3.8A at 380V ~ 480V, 5.1A at 220V ~ 240V.

What is a 55 kW 3 phase inverter?

55 kW 3 phase inverter 240V, 380V, 480V with high frequency resolution, analog setting: 0.1% of max frequency; digital setting: 0.01Hz. Come with V/F

control and sensorless vector control, a 75 hp high frequency inverter has IP 20 and works at (-10°C, 40°C).

How much torque does a 3 phase inverter have?

Start torque reaches 150% of rating torque at 1Hz. 3 phase inverter with output voltage 3 phase AC 0~input voltage can work at (-10°C, 40°C). Reliable 160 kW variable frequency inverter, 3 phase inverter input voltage 240V /420V /480V AC $\pm 15\%$ can be optional.
