

## ContainerPower Energy Solutions

# Lithium battery 1200w inverter

## Overview

---

What is a 12V battery inverter?

Inverters allow you to use 12V Dakota Lithium batteries to power household electronics that require 120V AC (the wall plug in your home). Rated at 1200VA and its RMS watts is 850, peak of 1000, this professional grade Victron inverter takes DC power (the power that comes from batteries or solar panels) and transforms it into AC power.

What is a victron 1200 watt inverter?

Victron 1200 watt inverter turns 12V DC battery power into 110V AC power, converter for RV, Van, Cabin, Marine, or off grid use. Shop now dakota lithium.

Can a power inverter charge a battery bank?

This Power inverter is able to charge the battery bank when AC power is connected to the inverter. This inverter can ONLY work with 12V battery system. The inverter CAN NOT can in parallel Battery MUST BE connected first 1200 watt is continuous output power, peak power is 3600W Package included:.

How much power does an inverter need?

It mainly depends on the total power of the device you want to use with the help of the inverter. If a 1450W coffee machine is connected, the minimum power of the inverter must be 1500W. It is necessary to consider starting the peak, for example, the power of the refrigerator is 3-5 times higher than its rated power in order to operate.

What is a high transfer efficiency power inverter?

High transfer efficiency is above 90%, , complete isolate surge interference of input & output's voltage and current, Impact resistance, super load capacity, built-in AVR stabilizer, continuous stable pure sine wave output. This Power inverter is able to charge the battery bank when AC power is connected to the

inverter.

What protections does a 1200W pure sine wave inverter offer?

Protections: Battery low voltage alarm / Battery high voltage alarm / Over temperature protection / Over load protection / Short Circuit protection. 110%-120% of the output was maintained for 30s, then the output turned to bypass, more than 160% maintained the 300ms. Ampinvt 1200W Pure Sine Wave Inverter
