

ContainerPower Energy Solutions

Mozambique Communication solar Base Station

Overview

The power station was developed by a consortium, the Mocuba Solar Energy Consortium, comprising (a) , a independent solar power producer (b) the Mozambican electricity utility company Electricidade de Moçambique and (c) KLP Norfund Investments, a subsidiary of . The power station produces 40 megawatts of electricity, which EDM will purchase for 25 years from the date of commissioning, according to an agreement signed betwe.

Located in Zambézia province, this 40 MW facility is a crucial step towards sustainable energy in a nation rich in hydro, gas, and solar potential but struggling with transmission and rural access challenges.
