

ContainerPower Energy Solutions

Vanuatu s new outdoor power supply

Overview

This ambitious project will be situated on the Kawene plateau in Efate, adjacent to the existing wind farm and solar facility, making it the largest solar farm in the country. The commissioning of this latest generation solar farm is scheduled for mid-2025.

In Vanuatu, grid power is one of the most expensive in the world. Our solar power systems offer a cost-effective alternative, significantly reducing your electricity expenses and providing a more affordable energy solution. Our portable solar generators bring reliable electricity to even the most.

In the village of Loltong on the island of Pentecost, the recent deployment of a hybrid solar and hydropower minigrid has transformed life for its 300 residents. Previously, Loltong suffered from an almost complete lack of reliable power. Now, the minigrid has electrified approximately 100.

The Ministry of Climate Change, in partnership with UNDP and Power-Blox AG, an award-winning Swiss company providing automated and decentralized electricity solutions, has successfully completed the first phase of a feasibility study for powering Lelepa island in Shefa province. Paramount Chief.

Independent Energy Ltd provides fully integrated solar, battery, and generator systems to power homes, businesses, and communities with reliable and cost-effective energy—on-grid or off-grid. Your Energy, Guaranteed. Reliable solar, battery, and generator systems—custom-built for homes, businesses.

Union Electrique Du Vanuatu Limited (UNELCO) is set to contract the construction of a groundbreaking 3 MWp solar Photovoltaic (PV) grid-connected plant with an estimated Vatu (VT) 300 million worth of investment financed through the Port Vila Concession tariff for the period of 2020-2025. This.

PCS is a leader in Sustainable Energy solutions, primarily in solar-battery and solar-hybrid systems. With local experience in both ongrid and offgrid solutions for residential and commercial sites, our design engineers are well-postured to customise a power solution to meet all customers needs.
