Wall-mounted off-grid inverter

 **TAX FREE**    

Product Model
HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW 115KWh)

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled

ENERGY STORAGE SYSTEM

Overview

This off-grid solar inverter gives you power without the grid. Use it with solar panels, batteries, or a backup AC source. It's quiet, clean, and simple to install. The inverter mounts to your wall and takes up little space. It runs quietly and has no fumes.

This off-grid solar inverter gives you power without the grid. Use it with solar panels, batteries, or a backup AC source. It's quiet, clean, and simple to install. The inverter mounts to your wall and takes up little space. It runs quietly and has no fumes.

This powerful duo delivers reliable, efficient, and smart energy storage and conversion for homes, cabins, or remote installations. Instantly run large household loads, including HVAC systems and appliances or start small and grow into the larger capacity without removing or replacing inverters.

Our Voluntary 30-Day Return Guarantee does not affect your legal right of withdrawal in any way. You can find out more about the exceptions and conditions [here](#). Product Warranty: For warranty information about this product, please [click here](#) Would you like to tell us about a lower price?
